Introduction

Renton Regional Fire Authority (the "Issuer") is seeking proposals from qualified consultants (the "Consultant") to provide assistance to the Issuer in complying with certain requirements of the federal arbitrage regulations as applicable to the Issuer's outstanding tax-exempt bond issues.

Attached as Attachment A is a list of the Issuer's outstanding bond issues on which the selected Consultant will be asked to provide assistance. The list includes a brief description of each issue and selected information from the Tax Certificate for the issue.

Scope of Services

The Issuer anticipates that the services to be provided by the selected Consultant will include, but may not be limited to, the services generally described below with respect to each issue:

- A calculation showing whether the issue satisfied an applicable spending exception to the arbitrage rebate requirement.
- A calculation of the rebate amount, if any, payable by the Issuer with respect to investments of (i) proceeds of the issue held in a capital projects fund, and (ii) gross proceeds properly allocable to an issue held in a reasonably required reserve fund (if applicable).
- A calculation showing whether the Issuer is required to make a yield reduction payment with respect to investments of proceeds of the issue held in a capital projects fund, and, if so, the amount of the yield reduction payment.
- A calculation showing whether the debt service fund for the issue is eligible to be treated as a bona fide debt service fund, and, to the extent (if any) the fund may not be so eligible, whether any rebate amount or yield reduction payment is payable with respect to investments in the fund.

The successful firm will be expected to provide its opinion that the calculations furnished conform to the requirements of the federal arbitrage regulations.

Proposal Contents

If your firm is interested in providing arbitrage compliance services to the Issuer, please provide information that you believe would be helpful in evaluating the willingness and ability of your firm to provide the Issuer with the arbitrage compliance services described above. At a minimum, please address the following items in your response.

- Qualifications of the firm and personnel to be assigned to work with the Issuer.
- Recommended scope of services.
- Pricing for the scope of services recommended.
- A list of references from issuers in the State of Washington, if any.

Submission and Questions

In order to be considered for this work, please email your proposal by 5:00 P.M. Pacific on December 17, 2026, and direct any questions you may have, to: Samantha Babich, Chief Administration Officer, sbabich@rentonrfa.org.

Reservation of Rights

The Issuer reserves the right to reject any or all proposals, waive minor irregularities, and select the proposal deemed best for the Issuer.

Thank you for your interest.
